

When his mother took him to the local hospital, she was told that there was nothing they could do, and that her baby was going to die. Holding on to hope, WoodHarry's mother brought him to HHF, where he immediately began receiving treatment from HHF doctors.

After spending several days at HHF's Center of Hope, WoodHarry's condition greatly improved and he and his family were able to return home. His mother and father wrote a letter to express their gratitude for the compassionate care that was given to their newborn son: "My dearest, an infinity of thanks is insufficient to give you."

Hope in times of disaster

Among the thousands of people killed or injured during October 2016's Hurricane Matthew was a week-old newborn named "WoodHarry," who was nearly killed from flying debris. WoodHarry's ribs had been broken and he was struggling to breathe.

VULNERABLE FAMILIES ARE COUNTING ON HHF AND YOU!

11,700 food kits delivered post-hurricane

Chronic malnutrition is prevalent in our area, and HHF works daily to provide nutritious food to malnourished children and pregnant women. **Feed-a-Child: \$300/year or \$25/month**

2,025 goats delivered post-hurricane

Families lost their livelihoods when their breeding goats were killed in the hurricane. A goat brings food security and self-sufficiency through microenterprise. **Give-a-Goat: \$150**

800 houses restored post-hurricane

Returning families to secure houses with sturdy roofs improves their overall health and well-being. Thousands of houses are still in need of reconstruction. **Roof Repair: \$500**

The Haitian Health Foundation (HHF) relies on the support of individuals like you to provide health, education, and community development services to over 250,000 people living in Jérémie and more than 100 mountain villages in southwestern Haiti. With your help, HHF is Changing Lives – One Person at a Time.

Testimonials

"Today, it is with happiness in our hearts, we the parents and the Ebenezer Mix Institution School's administration say a big thank you to HHF Administration for the help it gave us for the 2017-2018 academic year.

This help gave us the possibility to purchase books, notebooks and crayons. We value this as an extraordinary aid for the parents who have no means, students who didn't have supplies and teachers who wanted students to be prepared. We are sure we will have superior results this coming year.

It is for that reason we united our voices to say thank you Lord, thank you HHF. May the Good Lord continue to bless you!"

PARENTS & ADMINISTRATION Ebenezer Mix Institution School

LISE Boisdhomme Village

"I had no hopes to ever getting a house like what I now have. As much as we need the rain, it was a curse for me because water would fall everywhere, rotten straw pieces would fall on us, my children would get pneumonia very often. As for me, I would spend the night on a chair. You know how hard it is to pay for cough syrup and medicines?"

After the rain, I used to beg neighbors for help or work in someone's garden for 25 gourdes (around 30 cents).

Now thanks to HHF, I sleep in peace. I am a proud owner and can stand on my doorstep without fear of where my family will sleep tomorrow."

This is Alexis Wiclef, who is 17 years old from Carrefour Prince (a 3-hour walk from the HHF clinic in Jérémie). This year, during a mobile clinic post in his village, I saw this young man and asked him to come in to the HHF dental clinic as he was not smiling at all.

I scheduled him for an appointment and he arrived one hour early. When I finished the dental work for him, he looked at himself in the mirror. He smiled and said, "Now I will be able to be me again. Thank you, thank you."
